

EXPLORERS POLICY AND PROCEDURES

Name	Student Placement Policy
No. of pages	1

Explorers recognise that the quality and variety of work which goes on in the pre-school, makes it an ideal setting for school and college student placements attending child care courses.

Placement students are welcomed under the following conditions:

- The needs of the children are paramount. Students will not be admitted in numbers which hinder the essential work of Explorers.
- Students must be engaged in a bona fide child care course as confirmed by a tutor. This will provide the necessary background in understanding child development and activities.
- Students conducting child studies as part of their course work have to obtain written permission from the child's parents.
- Any information gained by the students, regarding children, families or other adults involved with Explorers must remain confidential.
- Unless DBS checked, students will not have unrestricted access to children.

This policy was adopted at an Explorers committee meeting held on

Date: 15/07/2022
